

PRESS RELEASE
Wednesday the 30th of November 2011
Publication of half-yearly accounts - 2011/2012 financial year

A passion for excellence and innovation

Publication of accounts for the first half of the 2011-2012 financial year.

GECI international would like to inform you that the publication of the accounts for the first half of the 2011-2012 financial year has been put back to the 15th of December 2011.

About GECI International

For 30 years, GECI International has been established as a specialist in high technology engineering, with a preponderant presence in the world of aeronautics. Working in the four corners of the world, GECI International's 950 staff, engineers and researchers are constantly ready to meet today's and tomorrow's technological challenges.

GECI International combines excellence, passion to innovation to propose, on the one hand, via its GECI Engineering division an offer of expertise and global solutions in the fields of aeronautics, transport and infrastructures and, on the other, via its GECI Aviation a range of twin turboprop aircraft: the F406 and the Skylander SK-105.

The F406, produced by Reims Aviation Industries, is recognised by operators throughout the world as being an aircraft particularly suitable for surveillance missions. The Skylander SK-105, produced by Sky Aircraft, stands out due to its exceptional performances, its ability to operate in extreme environments and its very competitive purchase and maintenance costs.

GECI International is quoted in compartment C of NYSE – Euronext Paris
ISIN code (share): FR0000079634 – GECP

GECI Aviation is quoted on the Alternext market of NYSE – Euronext Paris
ISIN code (share): FR0010449199 – ALRAI

GECI International and GECI Aviation have both been classified as an "Innovating Enterprise" by OSEO/ANVAR
