

PRESS RELEASE

Publication of the 2011-2012 semester financial statements

December 15, 2011

Publication of the financial statements for the first semester of the 2011-2012 financial year

Because of the discussions in progress intended to supplement the financing plan for the Skylander Program, the Chairman of the Board of Directors decided to postpone the holding of the Board of Directors' meeting for the closing of the accounts until January 10, 2012. The date of publication of the financial statements is thus postponed until January 10, 2012.

About GECI International

For 30 years, GECI International has been established as a specialist in high technology engineering, with a preponderant presence in the world of aeronautics. Working in the four corners of the world, GECI International's 1,000 staff, engineers and researchers are constantly ready to meet today's and tomorrow's technological challenges.

GECI International combines excellence, passion to innovation to propose, on the one hand, via its GECI Engineering division an offer of expertise and global solutions in the fields of aeronautics, transport and infrastructures and, on the other, via its GECI Aviation a range of twin turboprop aircraft: the F406 and the Skylander SK-105.

The F406, produced by Reims Aviation Industries, is recognised by operators throughout the world as being an aircraft particularly suitable for surveillance missions. The Skylander SK-105, produced by Sky Aircraft, stands out due to its exceptional performances, its ability to operate in extreme environments and its very competitive purchase and maintenance costs.
